QUESTIONS ARE TO BE SUBMITTED IN WRITTEN FORMAT ONLY. THIS IS A LEGAL PROCESS AND WE CANNOT ANSWER QUESTIONS VERBALLY. Answers to any questions received will be posted on the FDDC website (fddc.org) by March 6, 2020.

Cone of Silence: For purposes of this solicitation, FDDC has established a solicitation silence policy (Cone of Silence) that prohibits oral and written communication regarding all formal solicitations for goods or services (formal proposals, Request for Proposals, Invitation for Proposals, Request for Bids) issued by the FDDC with the exception of the formal written questions that may be submitted as described above. The period commences from the date of advertisement until award of contract.

Applicable Laws and Regulations: All applicable Federal and State laws, county and municipal ordinances, orders, rules and regulations of all authorities having jurisdiction over the services to be provided shall apply to the bid/proposal throughout, and they will be deemed to be included in the contract the same as though they were written in full therein.

Funds Available: The Florida Developmental Disabilities Council, Inc. (FDDC) has set aside a maximum of **\$150,000** federal funds for a period not to exceed 14 months for fiscal support of this proposal. The award will remain firm for the contract period unless addendums to the scope of work are required by the funder.

Funding Source: 100% federal funds, CFDA #93.630 from the U.S. Department of Health & Human Services, Administration on Intellectual and Developmental Disabilities, through FDDC.

Required Match: A match of not less than 33.333% of the approved cost of the project is required.

Ineligible Entities: Federal regulations limit and restrict the ability of individuals or entities debarred or suspended by a Federal Agency from doing business with, or contracting for the use of federal funds with, the Council. See 29 CFR, Part 98; 45 CFR, Part 76.

Evaluation of Award: All proposals received by the due date and time will be evaluated by the FDDC. Each submitted proposal that is responsive as determined by FDDC by meeting the minimum qualifications and price will be reviewed and scored according to the criteria set forth in the Invitation for Proposals by a scoring committee. The Council will then undertake a risk review of the offeror for each proposal scoring over a 70. This review will consist of three components: (1) a self-assessment of risk completed by the applicant; (2) inherent risk assessment; and (3) an assessment of prior performance if the offeror has previously contracted with the Council.

An offeror will receive a rating of LOW, MODERATE, or HIGH for each applicable component. A rating of HIGH risk does not preclude the offeror from receiving the subaward if determined appropriate under the circumstances by the Council's State Plan Committee; however, the ratings may be used to determine which subawards may require specific award conditions, closer supervision and/or more detailed monitoring strategies. The Council's State Plan Committee may also choose not to fund an award based upon the risk assessment if it determines that elevated risk will adversely affect the Council's ability to fulfill its duty as a steward of federal funds.

The Council's State Plan Committee will utilize the Risk Assessment ratings in addition to the score received from the scoring committee as part of the evaluation in its decision to fund the subaward. The State Plan Committee will review the risk assessment ratings for the top-scoring offeror and determine whether or not to fund the top-scoring proposal. If the top scoring proposal is not funded because the Risk Assessment has been determined to be too great by the Council's State Plan Committee or if negotiations with the top scoring offeror are unsuccessful, the proposal will no longer be considered, and the State Plan Committee may review the risk assessment ratings for the second highest scored proposal and determine whether or not to fund the proposal. This process will continue until a subaward is made, or until the State Plan Committee recommends otherwise. Please note that the State Plan Committee may use the prior performance ratings for proposers with a history of contracting with the Council as the deciding factor of an award based on specific experiences of compliance/non-compliance with Council guidelines.

The FDDC reserves the right to reject any or all proposals. No work shall begin until a contract is executed by the FDDC.

Project Contract Type: Cost reimbursement based on review of deliverables that demonstrates a satisfactory level of performance and expenditures.

Project Contract Period: All work shall be completed within 14 months of the contract execution date.

Background and Purpose of Proposal

In 2019, the FDDC convened a stakeholder workgroup to address emerging issues and identify unmet needs and potential solutions related to individuals who are dually diagnosed with a developmental disability and mental health diagnosis. This workgroup was comprised of experts in the field of mental health and intellectual and developmental disabilities (I/DD) and included Council members who are parents and professional experts, along with other stakeholder representatives and experts, most notably, from our Protection and Advocacy agency, Disability Rights Florida, and the Center for Autism and Related Disorders (CARD). The workgroup met once via teleconference and was tasked with conducting preliminary research and determining strategies to address the critical areas of need for individuals who are dually diagnosed.

The workgroup engaged in discussion about the difference of being treated for mental health diagnoses when one is receiving the Individual Budget Home and Community-Based Services Waiver (iBudget) versus being served through

the Department of Children and Families Substance Abuse and Mental Health if on the iBudget waiting list, or in the community, or in the school system.

There was further discussion of treatment and living situations for individuals with acute mental health diagnoses and those with I/DD, as well as the differences in treating and stabilizing both populations. Crisis stabilization units (including mobile models) versus intensive behavioral group homes and other community-based crisis management strategies like Mental Health First Aid training were discussed and all deemed important parts of a system that would reduce Baker Act proceedings (i.e., involuntary institutionalization and mental health examination of an individual who is perceived to be a threat to themselves or others). Many mobile crisis units only treat people with a mental health diagnosis, so there would need to be crisis units trained to work with people with I/DD and who are having a mental health crisis.

According to the Baker Act Reporting Center at the University of South Florida, there were 205,781 Baker Act examinations in Florida during Fiscal Year 2017-2018. Anecdotal reports and testimonials received by the Council suggest that the number of dually diagnosed individuals being Baker Acted is increasing and seems to be the only way for many of these individuals to access mental health services.

This project seeks to initiate a formal study that will culminate with recommendations and national examples and a subsequent pilot project to implement recommendations. The selected offeror will conduct the study and pilot for the dual diagnosis issue as an unmet need to prevent unnecessary Baker Act proceedings and ensure that an agency and stakeholder collaborative group provides input and oversight and assists with plans to implement recommendations to improve the service delivery for individuals with intellectual and developmental disabilities (I/DD) and mental health (MH) diagnoses.

The FDDC is seeking entities to apply who meet the following qualifications and can demonstrate the ability to fulfill the scope of work outlined in this proposal.

Preferred Qualifications:

1. Have relevant experience in project management; evidence-based research; data-based decision making; collaborating with diverse groups of people; facilitation skills; developing professional reports of findings; developing and implementing pilot projects; developing action plans and evaluating outcomes.
2. Have experience working with or documented knowledge of individuals with intellectual and developmental disabilities and individuals with mental health diagnoses.
3. Strong professional writing and editing skills.

Scope of Work and Services to be Provided:

Specifically, the selected offeror will:

1. Establish an agency and stakeholder collaborative group to provide input, oversight and assist with implementing recommendations.
2. Convene the agency and stakeholder collaborative group for a minimum of four (4) face-to-face or remote meetings.
3. Develop and write a study designed to culminate in recommendations and national examples of community-based crisis management strategies designed to prevent unnecessary Baker Act proceedings for individuals identified as dually diagnosed as I/DD and mental health diagnoses.
4. Implement a formal pilot project, incorporating strategies recommended and vetted by the agency and stakeholder collaborative group.
5. Evaluate impact and formalize plans for wide-scale implementation.

Sections for Offeror to Complete

Section 1: Offeror Contact Information

Include the following contact information: Name of organization replying to invitation for proposal address (including city, state, and zip code); phone number; contact person's name, title, and email address; Tax Identification Number (TIN); and an original signature of the person authorized to submit the proposal.

Section 2: Describe the organizational capacity of the offeror to meet the specified qualifications, address the need/purpose of this project, and complete the scope of work and services to be provided as described on pages two and three of this Invitation for Proposal.

As prescribed by the Council's Invitation for Proposal Protocol, a sample of work must be provided and evaluated for projects with a primary end purpose of a written product or products. Attach a current sample of work, preferably aligned with the scope of work to be provided in this project.

Section 3: Provide the name of key staff who will work on the project, including educational background, length of time with the organization, and current title. Attach current resume or curriculum vitae (CV) of each team member to be involved in the project.

Section 4: Provide an all-inclusive cost to conduct work and a brief budget narrative using the attached format on page six. Indirect cost cannot exceed ten percent (10%) of total salary and fringe benefits unless the entity has an approved federally recognized negotiated indirect cost rate in accordance with the Uniform Guidance.

Calculate total hours to complete work and provide an hourly rate and total of hours for each team member involved. The budget narrative should explain and demonstrate that each entry on the line item budget is allowable, reasonable, and necessary. **The funds requested from FDDC must remain within the identified range of available funding.** The budget and budget narrative must present a cost-effective funding level for achieving the purpose of the project. **Costs must be in accordance with 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance)** <https://www.gpo.gov/fdsys/pkg/CFR-2017-title2-vol1/xml/CFR-2017-title2-vol1-part200-subpartE.xml>.

Proposers must match \$1 for every \$3 requested to reach a 33.333% match of the total approved cost of the project. Documentation of 33.333% match of project expenses must be maintained. The match requirement may be satisfied by values placed on in-kind contributions or through contractor-incurred costs, or by a combination of the two. Costs paid by other federal grants may not be used for match. The match must fund activities directly related to the project. *Note: To calculate the match share for the 33.333% required match, divide the amount of your request by three. Then, to calculate the total contract amount, combine the one-third figure with the dollars requested (e.g., funds requested \$150,000 divide by 3 = match amount of \$50,000. \$150,000+\$50,000 =total project cost of \$200,000).*

All proposed budget items and amounts are subject to final approval.

Section 5: Provide a list of references for all relevant and related work performed over the past five years, including a contact name, phone number, and email address for each reference. The references should describe the type of work conducted and when it was undertaken and completed. At a minimum, two (2) references will be contacted to obtain recommendations of the offeror's performance.

Section 6: Provide completed required Forms 1-5 with an original signature for each form.

Format for Submission

Offeror shall submit a written narrative answering each section in the “Sections for Offeror to Complete” (all six sections must be completed with section headings in the order listed above). Use a 12 point Arial font size, 1.5 space, and limit your response to 10 numbered pages, not including resumes, curriculum vitae, references, and required forms. Attachments beyond the required forms identified in Sections 3 and 6 will only be used to support the IFP requirements. An original and seven (7) hard copies of your response and attachments are required. All submissions must be marked with the Invitation for Proposal #2020-CC-600.

Due Date: All submissions must be received by 4:00 p.m. (EDT) on March 23, 2020.

FORM # 5
SELF-ASSESSMENT OF RISK
PURPOSE AND BACKGROUND

The purpose of the Self-Assessment is to obtain an understanding of your organization’s capacity to adequately document, record, track, and report expenditures of federal funds as well as evaluate your organization’s risk of noncompliance with federal statutes, regulations, and the terms and conditions of the resulting subaward. The assessment of risk is a requirement for use of our federal funds.

During the funding process, each submitted proposal will be reviewed and scored according to the criteria set forth in the Invitation for Proposals. The Council will then undertake a risk review of the offeror for each proposal scoring over a 70. This review will consist of three components: (1) a self-assessment of risk completed by the applicant; (2) inherent risk assessment; and (3) an assessment of prior performance if the offeror has previously contracted with the Council.

Based upon the following scale, an offeror will receive a rating of LOW, MODERATE, or HIGH for each applicable component. Please note that a rating of HIGH risk does not preclude the offeror from receiving the subaward. The Council’s State Plan Committee will utilize the Risk Assessment ratings in its decision to fund the subaward.

Score	Rating	Assessment
0-3	HIGH	Requires intensive follow-up and may require action plan to address identified risks. Specific follow-up requirements will vary but may include contract conditions such as providing additional or more detailed financial and project reports; establishing additional prior approvals; or undergoing specific technical assistance. An action plan may be required to address specific areas of identified risk.
4-6	MODERATE	May need improvement or technical assistance to improve identified risks. Specific follow-up requirements for improvement will vary but may include contract conditions such as periodically providing detailed financial and project reports; establishing prior approvals; or undergoing specific technical assistance.
7-12	LOW	Indicates offeror’s internal controls likely to reduce non-compliance or fraud. Requirements typically include standard contract conditions for providing detailed financial and project reports; prior approvals; or technical assistance.
